I am thankful to God for giving me life. If I didn't have a life, I wouldn't be able to do fun things or anything at all. I wouldn't be writing this, and wouldn't have been able see, and visit wonderful places.

I'm thankful for having my daddy and mummy, because if I didn't have them, there would be no one like me.

I'm thankful for my friends, because if I didn't have them, I would be lonely and there would be no one play with.

I'm thankful for my teachers. Without my teachers, I wouldn't be able to learn, and write this homework. They also teach me many things that I didn't know before.
