

"Thankful for essay"

*November is a wonderful time of year. This is a month you can think about what you are thankful for. Some of the things that I am thankful for are my family that includes my mom and my dad , also my sister and brother, food and lastly technology.*

*One person I really appreciate is my mom. My mom cooks for me and she buys food for all of us and she provides me with the clothes I need. Next , my dad is awesome. My dad gives us a roof to live under and he helps us go to school and he buys us food. I love my sister. My sister is funny and nice and helps me with my homework and she also sometimes buys me snacks. I love my brother because he helps me with my homework and he picks me up from school when I need it and he sometimes buys me ice cream or chips.*

*The next thing that I am thankful for is food , especially chinese food. I like the sweet and sour chicken and the rice. Chinese food is my favorite food in the world. This is why I am very thankful for food. We also could not live without food.*

*I love technology. Technology is cool because you get to play with your phone and watch TV and drive a car. Also you get to play video games and go on the computer and build robots and shoot rockets.*

*Being thankful is a very wonderful thing. I enjoy Thanksgiving very much. Especially the food! These are all of the things that I am thankful for.*
