

What Am I Thankful For?

I am thankful for my parents, my whole family and my friends. Even though I am an only child, they don't make me feel alone.

I am thankful for my dog. Every day she does a crazy thing that makes me smile in some way.

I am thankful for my house. It is cozy and warm.

I am thankful for my food, if I did not have it I would not be here.

I am also thankful for my teachers because they are all great. I couldn't choose a favorite.

My school is great too.

In general, I am thankful for my life and the way I am growing up.
