

Dear Senator Carlucci,

I am Molly, I am 8 years old, and I am thankful that I have 4 Grandparents. I am thankful for that because I am too young to not have that love and comfort that comes from all of them. .

My Grandma makes delicious matzo ball soup that I really enjoy! She buys me all the little things that a mom or dad wouldn't buy for me. One toy she bought for me was Shopkins, and she always buys all my Summer bathing suits for me.

My Grandpa gives me Barbie Dolls as a surprise whenever I come over or when he sees me.

My Popop makes delicious chicken soup and always has special foods prepared for me. One drink my Popop made is a mixture of fruit juices like Orange and Mango. I feel safe when I sleep over at Popop's house because he lets me sleep with him in his bed and lets me watch T.V early in the morning called Shalom Kids while listening to him snoring.

And last but not least my... Nana! I almost lost my Nana because she had a brain injury. I would have missed her calling me " Dolly Molly" all the time because having a nickname makes me feel really truly special. She plays Word Champ with me, and she comes up with excellent words. It makes me feel happy that we all can participate as a family.

I am thankful that I have 4 Grandparents and that they all love me in special ways.
