

Devyne

I'm thankful for my food and my teachers .However, I'm thankful for my parents. If I didn't have them I wouldn't be standing here today. I'm thankful for my 6 pets that I had to spend quality time with before they all died. But I still have 1 more left and his name is gizmo. I'm thankful for my clothes and my shoes that I have to wear. I'm glad that have education to go to practice my manners and learn. I'm glad that I have a house, water, blanket's pillow's bed'. I'm glad that I can see my mom, dad, aunts, uncles, sisters and brothers. But a big part of life is to not complain. About what you have and what you don't have and what you want and what hate do be picky be you have thankful all day every day for what you have and who you have to talk to.
