

What I'm Thankful for

By: Ellie Shapiro

One of the things I'm thankful for is my country and its form of government. I'm very thankful that everyone in Congress has an equal amount of power and no one is more powerful than another. I love this country and how we have rights and freedom.

Another thing I'm thankful for is my home and family. In certain places, there are people who aren't as lucky as I am who have no place to live or shelter. I am thankful for how my family supports me in everything and how they love me and teach me to be a good person.

One more thing I am thankful for is a good education. I am so thankful that I can read, and know how to do so many things that I would never know without school. I love to learn new things every day.

I am so thankful for everything in my life, and feel so fortunate to have such amazing friends and family.
