I am thankful for my friends in life.

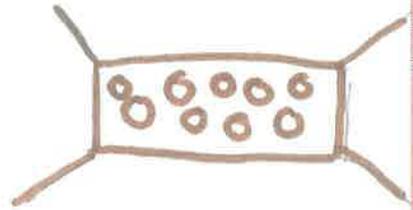

I am thankful that my parents are husband and wife.

Each of my sisters are absolutely great.

Growing up with them is definitely fate.

I love my dog Charlie,

because he makes my days a party!

I am grateful for my awesome teacher,

She is one cool creature.

I love to help my mom cook.

Her food is always off the hook.

Now I am happy to eat the food,  
and it is time to conclude.
