

Thanksgiving

Thanksgiving is the time when I give thanks to my family. I am thankful for my brothers because they play with me and make me happy when I am sad. The second reason I am thankful for my mom and dad because they cook food that I like to eat. The last reason I am thankful is for my cousins. Every time I go to my cousin's house he lets me play with his Wii. These are the things that I am thankful for on Thanksgiving.
