

Thanksgiving

Thanksgiving is a day where you give thanks for all the things you have. I give thanks for all the food my mom and dad prepare. I also give thanks for my school and the teachers. At St. Joseph School I learn about math, reading, religion, science, and social studies. I finally give thanks for my home, brothers, and sisters. My brothers and sisters take care of me and play with me. Thanksgiving is one of my favorite holidays. I love Thanksgiving because it is a special time of year!
