Dear Senator,

I had the most amazing summer EVER!

I got to go to South Africa with my mom. She was born there. It was also the 1st time I went on a plane. I saw my family for the 1st time. I also saw just about every wild animal, marine mammal & birds there is.

I went on a Safari & I educated some of the other people on the jeep we were on. Because I know alot about animals.

I went to the Nelson Mandela Statue in the capital of South Africa, which rhymes with Victoria, it is called Pretoria.

When I got back from South Africa 2 months later I turned 7, & my mom gave me a surprise birthday party.

It was an experiance I will remember forever. I'm also very thankful for my parents.

Thankful for being loved.

Thankful for having a great life.

Thankful for my oppportunities to have a great education & school.

Thankful for fresh clean water, food & a cozy home to live.

And most importantly I'm thankful for God.

Victoria Lopez.
