

THANKFUL

I would like to take this moment and express what I am most thankful for at this time and every day of the year. I am thankful for my home, where I get to have my own room with my Monster high dolls and my awesome clothes collection that keeps me warm. The home where I get to smell the delicious cooking food my mom makes every night for our family. I'm very thankful my Father knows how to hunt and I get to try different kind of meats not bought in a grocery store, such as venison burger and venison steaks. Yum, Yum. I am so thankful and blessed for my family who each brings and hold a special meaning to me.
