

I am thankful for my family, home, and the world. The first reason I am thankful for my family is because they are loving, caring, and considerate. I also love my dogs, and I am thankful for them. I would not have had these dogs except that the owner didn't take care of Cha-Cha and the same with Coco. Whenever I am sick, my mom takes care of me so I can get better. I love my family.

The next thing I am thankful for is my house because I have shelter and food. In the winter when it is cold outside, I can warm up sitting by the fireplace while sipping some delicious Hot Cocoa and yummy marshmallows. When it is hot out, I go swimming in my pool to

cool myself off. When I need to go to sleep, I go to sleep on my bed, but some people don't have beds.

The next thing I am thankful for is the world because we have nature, family, friends, teachers, homes, hospitals, doctors, dentists, firefighters and police officers.
