

There are many things I am very fortunate to have . I learned in the past few days that the smallest things I put no thought into is something I'm very lucky to have . I am thankful for many things. The things I am most thankful for are my family, friends, and my education .

The first thing that I am very thankful for is my family. I have a mom and a dad that both work. My mom teaches kids with autism and my dad is a business man . I also have an older brother and a younger brother . My 14 year old brother, James is a freshman at Burke Catholic and my 9 year old brother Frankie goes to Taft Elementary . I also have a dog named Max who is now 5 years old . I choose my family as something I'm very thankful for because they love me and care for me every day . That was some reasons why I am very thankful about my family.

Another thing I am very thankful for are my friends. I have three best friends named T.J. Bayer, Jake Devaney , and Dominic Gennaro. I met all of them at football, they had already played a year before so it was kind of hard to fit in, but we became friends very fast. I am the tallest and the oldest out of all of them. My friend TJ is the fastest. My friend Jake is the best at catching and my friend Dominic is the youngest . I choose them as things I'm very thankful for because I wouldn't be who I am today without them

and they will always have my back no matter what . That is why I choose my friends as something I'm thankful for.

The last thing that I am very thankful for is my education . I go to the Washingtonville Middle School . For elementary school I went to Round Hill Elementary then for my 5th grade year I went to Taft . I have never had a bad teacher though I have had some strict teachers, but they were still a lot of fun to have . Currently I have two wonderful teachers named Mrs. Gaine and Mrs. Manngard. I cannot tell who I like more because they are both very delightful teachers. I choose education as something I'm thankful for because I was blessed to be a smart, successful person. Those are some reasons why I choose education as something I am very thankful for .

The three things I picked as things I'm very thankful for are some of the most important things I could have chosen. I could also have chosen a few other things like religion, wealth and my house . Those were some things I'm very thankful for .
