

Happy Thanksgiving

Thanksgiving is a special time that helps me remember what my family has done for me. At this time of year, I am thankful for my mom and dad. My mom and dad take care of me. My parents take care of me by getting me food and by helping me when I am sick. They also buy me clothes and send me to a wonderful school. Also thanksgiving is a time of year that I am thankful for my sisters. Both of my sisters help me with my homework. I am thankful for my grandparents. My grandparents take me to baseball and hockey games. These are all the reasons why Thanksgiving is a special time of year.
