There are many things that I'm thankful for. Especially this time of year which is Thanksgiving. I am thankful for this holiday because I get to spend time with my family. We can all say what we are thankful for. We also play board games with each other.

One thing I'm thankful for is my mom because she bought me a phone so we can talk to each other when we are somewhere else. She buys me food because she wants to take care of me. She buys me clothes and shoes so I can go outside and play. She takes me to really fun places.

Another thing I am thankful for are my teachers because they teach me. They give me lots of education. My fourth grade teachers let us have snack early because we have lunch late. They help me understand things better.
