

What I am Thankful For this Thanksgiving

By Nathanael Peterkin

I am thankful for my mom, Tricia Gordon because she always makes sure that I have clothes, and she makes sure that I have a good education. I am thankful for my dad, Wayne Peterkin because of his support, and making sure I do well in math and chess. I am thankful for my grandma, Lana Gordon for saying "I can do anything," and for making delicious food for my family. I am thankful for my aunts for taking care of me. I am thankful for my father's family for the gifts and the support. I am thankful for my uncles for the snacks and the jokes. I am thankful for my cousins for buying me clothes and toys. I am thankful for my baby sister, Tiana for cheering me up when I am feeling upset. I am thankful for my friends for never letting me down, but most of all I am thankful for God for creating my family, friends and showing me new experiences each and every day.
