I am Thankful for Many Things

Mom

I am thankful for my mom because she makes good dinners and meals. She plays soccer. I love my mom so much! I love her as much as I love my whole family.

Dad

My dad plays football and soccer with me. I love my dad so much! He grills steak for me. I love watching TV with my dad.

Family

I love my family because they take me on vacation. They play monopoly with me. They take me to lots of parks.

Bees

I am thankful for bees. Bees are good because they spread pollen. They make good honey. Wasps sting you if you bother them.

Friends

My friends Ellington and I love to make mud pies. I went to her house. She has a dog. He is a King Charles Spaniel.
