

## *I'm thankful for you...*

*This is a special time of year when people focus on what they hold dear friends, family, health, and home the things we treasure and call our own I take this moment to share what's true among my blessings, is known you you add something special to my life you cannot be replaced at any price. So while you're eating and having fun watching football, top button undone know that there is someone out there who thinks you are beyond compare. But before the dressing and treats so savory, pumpkin pie, turkey, and gravy before you eat a meal so delicious help to spread some well wishes. Copy this verse and send it along to those you care for and love so strong sharing this note is a simple way to say I'm thankful for you every day.*
