### Thankful Writing for Thanksgiving

Being in the month of November is the best time because of Thanksgiving. This is the time when everyone shares what they are thankful for and why they are thankful for it. Also, on this day love is shared because of what people are thankful for. What are you thankful for and why?

Some people wonder what it means to be thankful. Well, the meaning is the showing of gratitude. People are thankful for different things. They might be thankful for their family or the survivors from attacks, like the one in Paris which happened recently.

I am thankful for my family and friends and how they love me and I love them. I'm also thankful for the school that I have and the teachers that work there. For the homeless people who try to find shelter and the people who supports them, plus the survivors. I'm also thankful for the days that went by of me living and my life.

In conclusion, being thankful means showing gratitude. I'm thankful for everything, my life, survivors, family/ friends and my education. Many people are thankful and including me. Are you thankful?
