There are many things that I am thankful for this year. One thing that I am thankful for this year is my education. I am thankful for my education because without it I would not be able to read, write, or do math. Another thing that I am thankful for this year is for my health. I am thankful for my health because if I was not healthy I would not be able to play with my friends, play video games or do a lot of things I like. The third thing that I am thankful for is for my family. I am thankful for my family because they give me clothes, food, and shelter. In conclusion, these are some things that I am thankful for this year.
