

What I'm Thankful For.

There are many things that I am thankful for. I am thankful for my home. It gives me a place to rest and save me from bad weather. I am thankful for my 3 fish. They make me happy and I care for them.

I care about my family and food. My family loves me and I am thankful for that. The food that my mom cooks helps me to grow. I am thankful for the great education I get from St. Stars. The teachers are great.

I am thankful for the toys and electronics I have. I give thanks for many things but I am more thankful for my faith. I care for God more than anything. Thank you God for the blessings you have given me and my family.
