

Who I am Thankful for

I am thankful for all of the people and friends who had difficulties in their life. They have shown me what kind of person I should be. Whenever an over the weekend I see homeless people in the subway or on the sidewalk and give them money I feel bad for them. Sometimes they don't want it or thank me. When I watch videos always in the title it shows that "giving free dollars to a homeless man" or "giving free food for a homeless family".

People would give thanks to God and other people. Others would give thanks to their ancestors. I give thanks to the people who are nice or the ones that have difficulties. The most I give thanks to is my family that treated me good this year and how they respected me nicely.

I give thanks to my friends too. Every grade I worked along to them because they helped me with things or never knew of something before.
