

What I'm Thankful for

Every day, I'm thankful for knowing that I am healthy and will live a long life. It is good to know that I'm not dying in a hospital praying to see another day. It's a good thing to know that I have food, water, and entertainment. Some people rarely get any of these. Some people only get to eat every 2 or 3 days. America is a truly great country to live in.

I'm also thankful for good education and a joyful environment. I'm glad to know that I have a chance of getting a good job as an adult instead of working a child in harsh and unhealthy conditions. New York is an amazing place to live. To wake up every day and see huge skyscrapers is just incredible. And of course, I'm thankful for having a wonderful family. These are the things that I am thankful for in my life.
