There are many things in my life that I am thankful for. Some of these things are my family, food, friends, and teachers.

I am very thankful for my family. We love each other and are always there for each other. I am grateful for the amazing meals I get to have with my family. I especially love thanksgiving dinner because we celebrate the food we are lucky to have such as turkey, mashed potatoes, mac and cheese, and apple pie.

I am also thankful for my friends and teachers. I have fun playing games like Turkey Tag and Gobble Gobble Turkey. I am very grateful for my teachers. Without them I wouldn't have an education. They encourage me to work hard and do well in school.

These are some of the amazing things I am thankful for.

There are many thing I am thankful for in life. I am thankful for the food I get to eat. I am also very thankful for my friends because a lot of people have no one. Next I am **EXTREMELY** grateful for the money and items I own, because there are plenty of unfortunate people out there. I'm very lucky to have my pets, and family because a few people have no one to befriend. Another thing I am grateful for is my shelter, clothes, and heat because many people don't have these things. Last but not least, I am very, very thankful for nature and life in general, because I could not live without them. I think everyone should be thankful for these things. Are You?

Thanksgiving

There are many things I am thankful for in my life. I am thankful for my mom because she makes sure I get to school on time. I am thankful for my father because he makes sure we eat every day. You should be thankful for all of the things you have, too. Thanksgiving is when I give thanks to God, too, and my family. Sometimes at some churches there is a Thanksgiving mass when we give thanks to God. We can give thanks by praying to God. We can also give thanks by praying for other people. Thanksgiving thanks to other people.

There are many things in my life that I am thankful for. First, I am thankful for my grandparents. I am thankful for them because they always help me when I need help, and they always pick me up from school. Second, I am thankful for my brothers. They always play with me when I'm sad. Third, I am thankful for my parents. They always cheer me up when I'm sad, and they are always there for me when I need them. Next, I am thankful for my aunt and uncle. They fix stuff for me when it breaks, and they always are nice to me when others are not. Also, I am thankful for my teacher. She teaches me math and other subjects. Next, I am thankful for my house. It protects my family and I from the rain, snow, and the heatness from the sun.

There are many things I am thankful for, like that me and my family has stayed in good health, my family has always stayed more than fortunate, and that I've always been able to study in school. I'm thankful for being in good health because even though I have asthma and eczema, I could've been much worse, and lots of people are in worse condition, so I'm very lucky for that. I'm thankful for being fortunate because if I wasn't, I couldn't be in school, and I wouldn't have food to eat for dinner. When I wake up, I wouldn't have a bed, so I'm lucky to have enough. Also, I'm very lucky to go to school because if I didn't, I wouldn't be learning and be able to look forward to have a job I like. Those things are things I'm very lucky for, and if I didn't have those things, I wouldn't wake up every morning.

Second, I am thankful for basketball because without it I wouldn't be good at it and I wouldn't be as athletic as I am today. Finally, I am thankful for my education because I know there aren't many people who are as lucky as me and don't have a lot of money and are homeless.
