

Who I'm Thankful For

In all of the world I'm thankful for many people. While people are thankful for their things, so am I. Now I will share some things I'm very thankful for.

One thing I'm thankful for is my parents, to me their important because they keep me safe for me, and house me. Another person I'm thankful for is my teachers, because they educate me to be smart when I grow up. Also I'm thankful for the government, police, firefighters and doctors to keep us safe, healthy and to protect, and make smart decisions for our country. I'm also thankful for the people who invent items or things to help us live better or smarter in life.

In conclusion, these are some people that I'm thankful for. All the people that I have chosen are making me the person that I am today. They also help me be the best person that I can be for now and the future.
