I Am thankful for!

I'm thankful for having nice parents, and a nice family. And a nice home.

I'm for having nice parents because my parents love me so much and they make me happy everyday my parents work their arms to put breakfast on the table every morning and to put dinner on the table everyday.

I'm thankful for a nice family because on holidays and all days they make me happy.

I'm thankful for a nice home because we can sleep comfortable because there's a lot of space and a good roof over our heads so when it rains

Water doesn't drip over our
heads. And the house has
good heaters so in the
winter we won't be cold.
And in the winter the
roof will just have
snow on it.
This is what I am
thankful for.
