What Are You Thankful for? By Third Grade Mrs. Fatima Hossain

Thanksgiving

Written By: George Ralukas

I am thankful for many things. One thing I am thankful for is Mrs. Kia. Mrs. Kia teaches me, and cares for me. And she helps me when I get hurt. Every day Mrs. Kia teaches me new things. Also, when I was sad Mrs. Kia helped me with my problems and made me happy. Without a doubt, Mrs. Kia is a great teacher so that is why I am thankful for her. I am equally thankful for my friends.

They play with me when I am gloomy. When I was feeling sad they made me laugh so much milk came out of my nose. They play with me when I am lonely. My friends play games with me like tag and soccer. Obviously my friends are great so that is why I am thankful for my friends. In addition, I am thankful for Mrs. Zolotas because she makes

school fair. Also, she makes sure no one is being

mean. Mrs. Zolotas makes school fair so

she made health class. Mrs. Zolotas makes

school fair so people don't get physically hurt

and she made me student leader. As you can

see, Mrs. Zolotas cares about us and our school.

That is why I am thankful for her.

What I am Thankful for

Written By: Dino Amantitis

One thing I am thankful for is my family. I am thankful for my family because they care about me. They feed me different kinds of food and they bring me to Greece. They love me by playing different games with me, and by buying clothing for me so I can be warm. In Greece I go to my house there, and in my village, I see my cousins, my grandma and grandpa, and I also see my God father. Greece is meaningful to me because I was born there. Without a doubt family means every thing to me.

Another reason I am thankful for is teachers. I am thankful for teachers because they teach me different subjects. They give prizes some times, and they alway want the kids to have fun. For example, Mrs. Kia has dojo points and she gives them to students if they are on task, if they are helping others, and working hard. When a kid reaches ten he gets a jolly rancher. When I reach ten I am ecstatic. Given these points some teachers can be exciting to students. Also, I am thankful for shelter. I am thankful for shelter because it keeps me warm and I have a private place to stay. It helps me survive because it keeps me cozy, and I have a place to sleep.

My house looks a little big, it has big windows, it is in the second floor, and the neighborhood has lots of stores. In my house I play board games such as Monopoly, Uno, and Jai Alai. Clearly in my shelter I spend a lot of pleasant hours in the day.

In conclusion, I am thankful for the most important things.

There are many things I am thankful for. One thing I am thankful for is weekends. On the weekends, I rest from school and don't have to do work. Also, I play games and have fun on weekends. Also, I build legos and play games. One weekend I went to a math museum and had a lot of fun and bought lego toys. I went to a point

where you could multiply. I always look forward to weekends.

Another thing I am grateful for is juice. Because I can drink and enjoy it. Also my favorite is grape juice.

What I am thankful for part 2

I don't usually get it because my mom doesn't let me.

When I get grape juice I feel happy. The places near

my house have juice, gresitides and pears and pickles. Also, I like seiser. In addition I am also thankful for stickers to admire.

I like the kind of stickers that are not very big, I like to put them on my greek book. I get it from one place sometimes another.

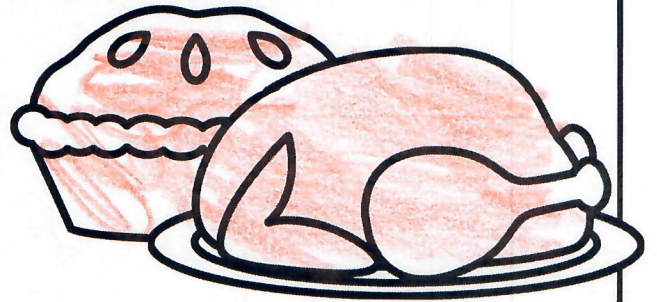

Clearly, stickers mean a lot to me.

In conclusion, I love all these things and I am thankful for them.

One thing I am thankful for is my shelter. I'm thankful for my shelter because it keeps me cool when it is summer because it has an AC. Next, it has a bed for me to sleep in and a couch for me to sit down in and watch TV on and play on my tablet. Last, we used to have a train table that we played trains, and cars, and more on. I had a street green land and blue water. It is very comfy at home.

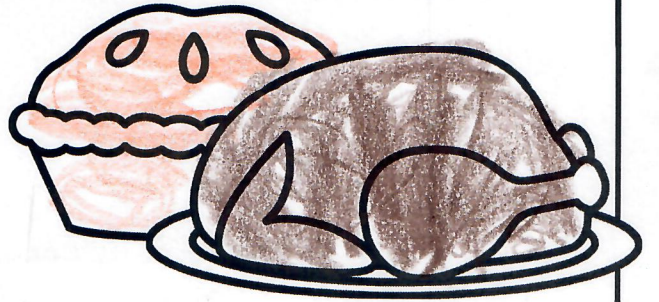

Another thing I am thankful for is my family. My mom bought me a very big piano and my dad bought me a drum set. My mom cooks food from around the world except for Chinese food and stuff like that but he cooks stuff like rice, chicken, and more. They also provide me with drinks like lemonade, iced tea, fruit punch and more. They check on me to see if I am fine at the doctor's hospital, and emergency room. For example, one time

when I was at the ER my dad was in the room and one time when I was at the hospital because something was blocking me from breathing through my nose when I woke up I saw my mom.

Last, I am thankful for my teachers. My teachers teach me math, science, and more. My teacher Mrs. Fatema helps me when I have a problem in any subject.

One reason I am thankful for is my friends. I am thankful for them because they make me laugh and they tell me a joke. For example, "Why did the chicken cross the road?" Because it went to the other side. My friends are Annamaria, Gigi, Alssya, Yujin, and Ellen. They are all kind and friendly. Without a doubt, my friends are always there in times of need.

Another reason I am thankful for is my family. I am grateful for them because they keep me warm by hugging me. They also feed me great chicken with rice and feta. In addition, they help me with hard homework. My family is my little

brother, who ^{is} super cool. My dad is very crazy. My mom is super helpful because she helps me with hard homework. Given these points, my family is like the super family.

In addition, I am thankful for shelter. I am equally thankful for it

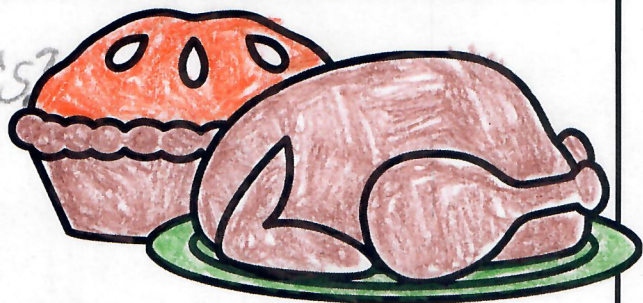

because it keeps me dry in storms. Also, I am under a warm roof. I like a dry house and not a wet house. On Thanksgiving and Christmas we bring the holiday spirit inside the house. I also put up the decorations. Clearly, my shelter is wonderful.

In conclusion, I take a minute to think about what I have in life and smile.

One reason I am thankful for is my friends. They make me laugh by always making jokes. When I am sad. For example, when I was sad I hurt myself by tripping, but they cheered me up. I sometimes asked them questions. For example, "Who was the first president of the U.S.A?" without a doubt, I always need them.

Another reason I am thankful for is my family. They always put a smile on my face because when I am sick they give me hot warm soup, they help me with math when I don't understand a question. My family feed me Greek food and Italian food. They make make it so savory and I am over the moon.

One other thing I am thankful for is my house because it keeps me warm when there is a rainy, shivering stormy day. It protects my family and I. Also, that is where I sleep everyday. For example, on weekends we get to sleep late. On holidays we decorate
