

This Thanksgiving I am most thankful for...

A warm and safe home because some kids don't even
have one. I appreciate a loving family for every moment
I could spend time with them and if sometimes they are mad
at me I realize what I do wrong. I'm grateful for my freedom
because other countries have wars often. I'm also happy for a
healthy life. Some people have to suffer everyday from their sickness.
I'm pleased that my parents sent me to S.K.C.N for good education.
I'm really thankful for my talents such as playing the piano.
You see there is so much things to be thankful for.
