

This Thanksgiving I am most thankful for...

clean water that I can drink, a good education at
St. Stone, and shelter over my head. I am also
thankful for good health so I can live. Another thing
that I am grateful for is healthy food so I don't
get sick. Some other things that I appreciate are my
little pet hamster crabs that keep me company and
my family who loves me. Also I am grateful for
good clothes and warm blankets that keep me
warm in the winter.
