

This Thanksgiving I am most thankful for ...

My family and pets because they keep me company, love me. I love them back and they make me feel safe. At home, the keep me warm and my bed in the house so I can sleep. My friends to help me when I need to eat, let someone push me around and to talk to me and make me laugh. A school and education so I can become smarter, have friends and have fun. Freedom the freedom that we have to vote and to speak freely. There are many more things I am thankful for, but the last thing I'm getting to share is for my clothes to keep me warm and are helpful.
