

This Thanksgiving I am most thankful for...

my whole family. They always protect me and keep me safe. I also appreciate that I have a good school so I can learn new things for the future. I am also grateful for my warm clothing so I stay warm when it is cold or chilly outside. Another thing I am thankful for is that I am healthy and that I don't have any sicknesses or diseases with my health. I am grateful that I have shelter to keep me safe.
