My Best Thanks Giving

I am thank ful for alot of things this year. Thanks Giving is when you tell everybody what you are thankful for. There are alot of things I need to tell you about.

For instance, I am thank ful for P.S.8.

P.S.8 is the best. I have been there for 7 years! Since Pre-K! Mrs. Esposito is the nicest and sweetest person ever. She had done so good for the school. I want to walk you through my years in P.S.8. Pre-K, Oh Mrs. Carol you were very very nice to make us have all of those parties. Mrs. Adams, you helped me so so, much with the writing. Also at the last day of the school in kindergarten we made a cookie. Mrs. Moley you made us read a part of that Junie B book. By the way it was so fun to read like a little teacher. 2nd grade Mrs. Candice who made us annotate the text so much but on the other hand she wouldnt give us alot of home work. Mrs. Picard I miss her so much for some reason. She was very organized. Oh oh oh on my god, Mr. Hoch my Ela teacher. He is those tough people for some students but not to me. He would give us less home work than usual but in school hours dont think about it. Mrs. Calafaire was the math teacher she was smart. I had trouble but I passed. Mrs. Christin Sean Kay fifth grade. Mrs. Christin Sean is so sweet. Her smile grows in the air. You have to participate and try in fifth grade. One thing that I am sad about is leaving

P.S.S. I can't I will be so sad. No more of the faces that I used to see in sixth grade new place.

I am also thankful for my Best Friends and family. First off my family, they have been with me for my whole life. I love my family I can't live without them. My mom and dad are the best. They help me when I am down and sad. If I have trouble they would be there. They are my right shoulder. My family gets me all the things I need to have a good life. Such as, clothes, food, water, love, and fun stuff. My mom isn't like other moms. My brothers give me a hard time but I am thankful for them, you don't want to sit around the house with no one. Ohhh my doggie, his name is twix. He is so cute no one could beat his cuteness. He is a chocolate labrador 2 years old.

In addition, I am thankful for my Best Friends. One reason how is they are also with me when I down. They cheer me up. They are so funny. My Friends/Boss are Daria, Victoria, Brianna, JoeJoe, and Myself! They were never mean to me. The true friends are the friends that don't bring you down.

Lastly, I am thankful for God. He makes all the good stuff happen. I am thankful for the world that he mad and that he chose me to be in it. God is with you everywhere don't forget that.

These are the things that I am thankful for. They don't forget that huge turkey you will eat. I am better off eating it with the teachers. I will gain 50 pounds from that turkey. P.S.S. Just don't forget me!
