" Thankful

- This year I'm thankful for my family. My family is loyal, caring, and supportive. I love my family as much as all holidays combined.

Every holiday my family would get together and hangout and enjoy the holiday. Grandma's cooking is fabulous and we all enjoy every year for Thanksgiving. After we are done eating desert my family would play St. Popt. I feel lucky that I have 2 grandmas and a great grandma. Me and my sister are the oldest cousins so we have to entertain our many, many little cousins. Sometimes it could be fun, sometimes it be annoying.

So, this year I'm very thankful for my family. As you can see, we all love each other very much. We are lucky that we spend so much time together. I love my family so, so much.
