What I Am Thankful For

In this essay I will talk about two things that I am thankful for. One of them is my family. The other are my friends.

This is why I am thankful for my family. My family is the greatest family in the world because they always care for me. They always play video games and we do sports together. Every Thanksgiving, we come together and eat. We also watch fireworks on New Years, eat on Christmas Eve, and have a barbecue every Fourth of July. I love my family so much.

I am also thankful for my friends. They also care for me. Since we see each other every day, we know each other pretty well. We look out for each other and help each other. Sometimes we get on each other nerves, but we stay friends and love each other even more. Every day it is an adventure with my friends. I think we will stay friends forever.

In conclusion I am thankful for my friends and family. They all take care of me and love me. They are the greatest people I know. This what I am thankful for.
