What I'm thankful for

What I'm thankful for, ummm, well I'm thankful for a million things. Let start with my family. Well let start with my sisters. I love my sisters as well as she loves me. There are not just numbers to describe how much I love her and how much she loves me. My sisters and I may start fighting but every time we do we still love each other.

I'm thankful for my mom. Mom loves me. When I was a little girl my mom changed my clothes. She loves me as well as I do. My dad is my dad. He works for us. He buys us good and clothes. He always takes me to soccer practice. He also is very proud when I win something.

That is what I'm thankful for. Hopefully you. E.M.F.O.Y.I. What are thankful for
