Thankful

I am thankful for many things. I am thankful for my parents because they are caring. For example they love me. Another reason is they are helpful. For example they help me with my education. My final reason is they are kind. For example they take me to a lot of places like Chuck E. Cheese and the park. I am thankful for my community because they are helpful. For example they help me clean the street. Another reason I am thankful for my community is they are caring. For example they take care of old people. My final reason that I am thankful for my community is that they look out for me. For example when I am lost they help me find my back home. That is why I am thankful for my community. This is what I am thankful for.
