I am thankful for many things. One thing I am thankful for my community because everybody take care of people and worker like the police. They take out bad people. Also building workers. They build houses for us and there are more worker in our community.

We have a good community because in our community we have nice people and the best workers and more stuff. This is why I'm thankful for my community. I am thankful for my family. My family I like to help them and I go visited them in the hospital if they are sick or if they have a baby. Another reason is they are thankful for me because they cook for me, They buy clothes and more stuff. These are reasons why my family is thankful for me and I am thankful to my family. These are all the reasons why we are thankful to our family and our community.

THANKFUL
