Thanksgiving!

I am thankful for my family because my family takes care of each other and look after each other. Another reason I am thankful for my family is because my family take care of their babies and their children.

Also I am thankful for my community, my community cleans up garbage from parties on the side. They help old people cross the streets and help old people to get to where they need to go. They get along very well and this is why I am thankful for my family and community.

Happy Thanksgiving!
