Thanks Giving

On Thanks giving day I'm thankful for my family. I'm thankful for my family because they take me to school, take me on trips and I have a lot of fun with them. I have a little brother, my little sister, my mom and dad, my aunt and my step dad. My mom is important to me because she takes care of me and my brother. I'm also thankful for my community because in my big family takes care of me a lot. I care a lot for my family and friends. They keep me safe and healthy. In my family there is my little brother who is a little cheeky and a little rude. Now you know why I'm thankful for my family.
