What I am thankful for

I am thankful for a lot of things. I am thankful for a lot of things but I am only going to tell you four things I am thankful for.

The first thing I am thankful for is my big family because they love me very much and I love when my brother plays with me and sometimes they get a bit worried for me but they know am going to be ok.

The second thing I am thankful for is my school because some parents that are very poor and they can't bring their children to school. So they can't learn new things at school because they are poor.

The third thing I am thankful for is my community because sometimes they give us food they made at the house and they are very friendly to my family and call us if something is wrong or if they need help.

The last thing I am thankful for is food because some people can't buy food to eat so they eat nothing.

That's the four things I am thankful for.
