What I'm thankful

I'm thankful for many things. One thing is that I'm thankful for my family because they always make me laugh and play with me. I'm also thankful for my neighbors because when my mom goes to work I go to my neighbors with my brother. We play a lot in the pool. They give us a lot of food to eat, a lot. I'm also thankful for my family because they buy me a lot of stuffs like a Xbox, scooter, and a Iphone. This is all what I'm thankful for.
