

Thanksgiving Day Creative Celebration

What are you thankful for this year?

I am thankful and thank God in the day of Thanksgiving because I have my family with me and thank God because we are never missing food. I also, thank God because I'm healthy and I have my parents and grandparents with me. I also thank God for the kinds and elderly and that they get help and are cured of any sickness. This is why I give thanks to God. Thank you God for taking care of my parents because I loved .
