The things I am thankful for are my family because they help me with everything like my work sometimes. The next thing I am thankful for is my home because it keeps me warm in winter and cool in summer. Another thing I am Thankful for are my teachers because they help me get through in life and get me an education for math, social studies and science, and also ELA. The last thing I am thankful for is my life and my friends because they let me do the things I want to do and my friends cheer me up when I am down. Those are some of the things I am thankful for.
