

“I Am Thankful”

To me the term “Thankful” means I am careful for who I am.

I am thankful for my family because without them my sister and I wouldn't be here right now.

I am thankful for school because without it we wouldn't be smart or know anything that we want to know.

I am thankful for love because without it we would hate each other and I wouldn't like that. Probably you wouldn't like it either.

I am thankful for everybody because that's how life is supposed to work.

As you can see, I am thankful for many things. I wouldn't be like who I am right now.
