

“I Am Thankful”

To me, the term thankful means giving and giving back to people.

I am thankful for: my puppy named Halligan because he plays with me. We play inside and outside. He is a chocolate lab. I am thankful for my family because we watch “FOOTBALL” together. My favorite teams are the Comets and Bills. My grandparents because they love me to pieces. I am thankful for my friends because they help me with my homework, teachers because they help me learn things like Math, English, Science, and Social studies.

As you can see, I am thankful for many things.
