

This year I am thankful for life because we are so lucky to be alive and healthy because we are what helps the earth grow and we grow with it.

I am thankful for school to learn more math,science,language arts,and social studies.

I am thankful for my home because I have a roof over my head and I have food on the table and I have a bed.

I am thankful for my family because I have a mom,dad,two brothers,and I have my cousins.

I am thankful for the new friends I am making because I have met really good people this year.
