

This year I am thankful, for what I am always thankful for and that is my family, teacher, and friends.

I am thankful for my parents and family because they are always there for me also they feed me and always make me smile. I love them and care for them in return. I am thankful for my friends because they always have my back and they always make me smile when I am sad or happy. So I will always think of them as family so I have a family at school and at home. I also thank my teachers because without them I would not have all the knowledge that is in my brain.

I love all my friends family and teachers because whether I like them or not I still like them because of all the things they do for

me. Thank you and **HAPPY
THANKSGIVING!!**

*Happy
Thanksgiving*
