

What I Am Thankful For

By: Ryan Randazzo

I am thankful for many things this year. I am so lucky to have the things that I have or the things things that I can do. This year I appreciated things a little bit more because I realized that some people can't enjoy the things that I can.

This year I am thankful for my family. I am thankful for them because they are always there when I need them. I can count on them to get me anything. I love my family so much. Family is the most important thing in life.

This year I am also thankful for Netflix. I am thankful for Netflix because it provides me with such entertainment and excitement of all my favorite shows like Grey's Anatomy, One Tree Hill, Devious Maids, Friends and Revenge. I think I am more thankful for Netflix then the clothes I wear.

These are the things that I am thankful for this year. I am sad to say that people around the world can't enjoy Netflix or even TV. But most of all I'm so upset that people can't share a special bond with their families.
