### What I Am Thankful For

I am thankful for many things in this world. First of all I am most thankful for my family. The reasons I am thankful for them are because they listen to my troubles, they make me very happy and they also provide me with food, water, and love.:) I am also thankful for my dogs as much as I am thankful for my family. The reasons I am thankful for my dogs are they make me happy and because they love to play with me. They always do really funny things which make me laugh.

I am thankful that my family friends and I are healthy. There are many people who are sick and cannot spend the holiday with their family. There are kids who are sick and can not go to school like I do everyday and live in a scary hospital. I feel bad that they cant go to the park and play with their friends like I am able to

Another thing I am thankful for and a lot of people forget to mention is my country. I am so grateful I get to grow up in a country I can feel safe and protected in. I live in the greatest country in the world because of the brave men and women who protect us everyday. Without being safe we couldn't go to school everyday or play outside with our friends. Without freedom nothing else would matter and everything would be different.
