

Thanksgiving is not all about eating or having a party with your friends infact it is about giving thanks to all the things that God did for us so it is a very important holiday for every single person around the world. This holiday is celebrated around fall time. This holidays origins take place all the way back when we first discovered America.

I am thankful for my parents and my sister because they take me where i need to go and they feed me and give me drinks. I am also thankful for my family because they bathe me and make me feel better when i am feeling down.I am also thankful for the beautiful house that god gave me because without it i would have no shelter.I also thank my parents for paying for me to go to catholic school (OLQP).

All of these things that i have tell me that God loves me and so do my parents.
